About Brellah Medical Group

Brellah helps older patients with specialised health needs achieve wellness through collaborative, holistic care.

WE OFFER:

- Timely access to local specialists
- In-house allied health services
- Mixed billing arrangements
- Collaborative approach to care, working closely with GPs and the broader healthcare team

ABOUT BRELLAH CARINGBAH

Our Caringbah clinic has a growing specialist team of geriatricians and allied health professionals, with books open for referrals.

Our geriatricians specialise in the care of older adults, providing medical, functional, and social support to promote healthy aging.

Our allied health team includes dietetics, exercise physiology, and neuropsychology. They work with our in-house specialists, and external referrers to support patient wellness.

Brellah Caringbah also offers specialised programs to help patients optimise their health.
